Black Cardstock Boat Card with Embossed Detail

EIN PROJEKT AUS UNSERER LIVE-SHOW - THE FRIDAY FINAL CUT - 6. NOVEMBER 2026

DAS FERTIGE PROJEKT

ÜBER DIESES PROJEKT

Create a striking boat card on black cardstock with white pigment ink stamping and clear embossing for a sophisticated, high-contrast finish. The embossed detail creates a glass-like dimensional shimmer that makes the nautical design truly stand out. This elegant technique transforms a simple stamp into a dramatic, contemporary greeting card.

DIESEN SCHRITT ANSEHEN - 58:30

SCHRITT 4 VON 7

DIESEN SCHRITT ANSEHEN - 59:30

SCHRITT 5 VON 7

Sprinkle clear gloss embossing powder over the wet white ink on the boat image. Ensure the powder covers all the stamped areas completely.

SCHRITT 7 VON 7

Once the embossed image has cooled, you can optionally add white details such as a moon or additional highlights to complement the embossed boat design on your black cardstock.

TIPPS AUS DER SHOW

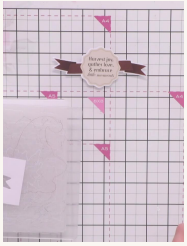

- Pigment ink has an oil base and stays wet longer than dye-based ink, so sealing it with clear embossing powder makes it almost glass-like and prevents smudging.
- You may need to stamp multiple times with pigment ink to build up sufficient white colour on dark cardstock.
