STEP 1

STEP 2

Stamp the passport and camera on to copy paper and fussy cut, to create "masks".
Lay out the masks as required, on to white card cut to 5 1/2" square. Stamp the suitcase centrally, over the masks, in the Memento, as shown here.

Remove the passport "mask" and stamp it in position.

STEP 3

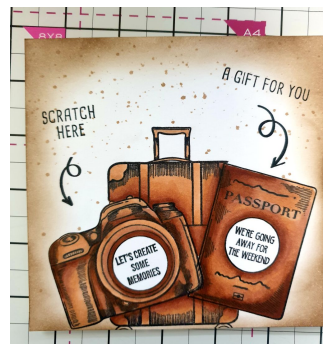

Remove the camera "mask"
and stamp that in position.

STEP 4

Colour in your stamped image, using your alcohol pens, with more depth and darker shading at the back. Blend around the edges with the Seal Brown. Smoosh a little ink on to your glass mat, add water and splatter on to your artwork.

STEP 5

Stamp the arrows and add-on sentiments around your images, with the Memento, as required. Stamp the sentiments in the panels provided on the camera and passport.

STEP 6

Add the stickers provided, over the top of the stamped sentiments.
Mat your artwork on to the black card blank, to finish.
