STEP 1

Spray the Izink Rusty Saffron randomly, on to the white card (7 1/2 x 4 3/4")

STEP 2

Spray the Izink Black Liquorice randomly, on to the card.

STEP 3

I then decided to go back in and spray a bit more of the **Rusty Saffron**, on to my background. You can add more, of either colour, until you are happy with the result.

STEP 4

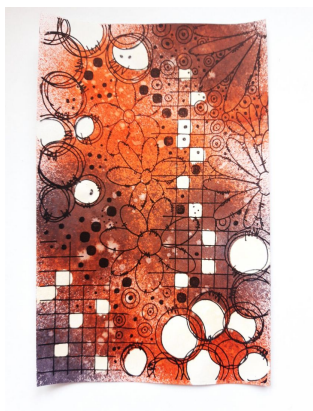

Splatter water over your background, using a paint brush. Wait a few seconds, then mop up any excess water with a paper towel. Dry off your background thoroughly.

STEP 5

Ink up the **Flower Frenzy** stamp, with the **Onyx Black Versafine**, and stamp on to your background. Make sure the ink is dry, before moving on to the next step.

STEP 6

Use a paint brush to apply water, or diluted household bleach, to random areas of the stamped image. Wait a few seconds, then lift up the ink with a paper towel. This is called the "faux bleach" technique.

STEP 7

Add water to your **Goldmine Confetti Paint**, and colour in the floral elements of your artwork.

STEP 8

Spray a little of the **Izink Black Liquorice**, on to your craft, or glass mat, and use your paint brush to paint the centres of your flowers.

STEP 9

Use the Confetti Goldmine paint, to add accents, and highlights, to areas of your stamped image, like the edges of the circles.

STEP 10

Ensure all the ink and paint is dry, before adding accents, and highlights, to your artwork, using a white gel pen. Set this to one side.

STEP 11

Place this heart die, from the Mixed Up Hearts Creative Dies, on to the black card (6 x 4"), and run it through your die cutting machine. Put the left over black card to one side.

STEP 12

Adhere your die cut heart, on to your background.

STEP 13

Use your white gel pen to add highlights, to your die cut heart.

STEP 14

Adhere your artwork on to your black, top folding card blank.

STEP 15

Use your white gel pen to draw a decorative, wiggly frame, around your artwork.

STEP 16

Ink up the **IMAGINE** stamp, from the **Thirsty Brush More Than Words Creative Stamps**, with the Onyx Black Versafine, and stamp on to some scrap, white card. Cut it out, straight, or wonky like mine!

Adhere this on to the leftover black card you set aside earlier, then cut around it, to create a black mat.

STEP 17

Adhere it to the bottom, left of your card, to finish.
