STEP 1

Apply the Izink Metal Copper Embossing ink pad lightly over the sentiment die plate, from the Hug For Your Hands Die Collection, using small taps, so as not to saturate the plate. The idea is to apply ink to the words and decorative edging only.

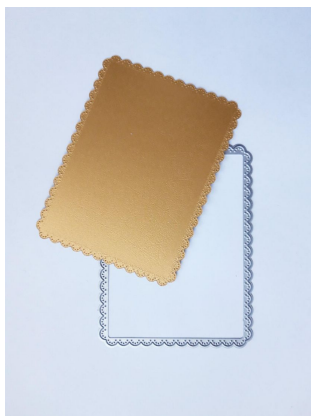

Place the die plate on top of the white cardstock (4 x 3"), and run through your die cutting machine.

STEP 2

Carefully remove the cardstock from the plate, to reveal the delicately inked and letterpressed sentiment panel.

STEP 3

Die cut one of the **decorative mats**, from the leftover piece of pearlescent gold cardstock, using a die from the Hugs For Your Hands Die Collection.

STEP 4

Adhere the inked, **letterpressed sentiment panel**, on to the gold decorative mat. Set to one side.

STEP 5

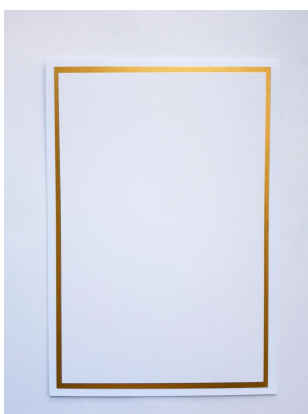

Place the die plate, from the **Log Slices Die collection**, on to the white cardstock (7 x 5"). Run through your die cutting machine. Set to one side.

STEP 6

Adhere the white cardstock (7 3/4 x 5 1/4"), on to the gold pearlescent mat.

STEP 7

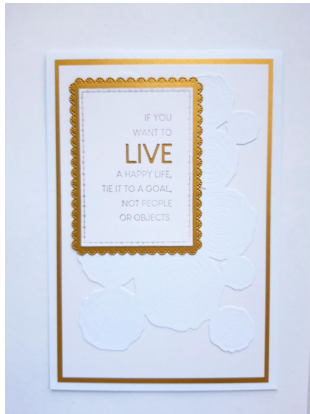

Adhere your layered **cardstock** on top of the white card blank.

STEP 8

Adhere your die cut **log slices** on to your card.

STEP 9

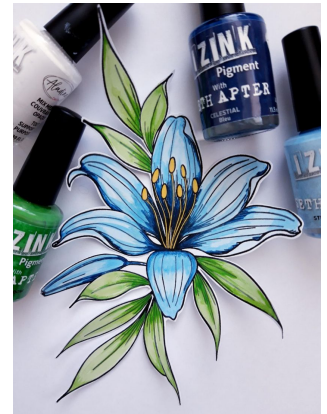

Adhere your layered sentiment panel to the top left of your log circles, using wet glue or foam pads. Set your card to one side.

STEP 10

Ink up the floral stamp from the Be The Exception Stamp Collection in the Onyx Black Versafine, and stamp on to the white cardstock (7 x 6"). Once the ink is dry, place the coordinating die over the stamped image, and run it through your embossing machine.

STEP 11

Use your Izink Pigments, and a paintbrush, to colour in your image. Add a little drop of each Pigment on to a craft or glass mat. Add a little water and paint your stamped image, starting with the lightest colours, and using the darker colours to add depth and shade. You can add the Avalanche Pigment to the other colours, to create paler shades. Use the Fossilized Amber Distress Oxide to colour in the stamens, adding several layers of colour to make them "pop".

STEP 12

Use the **Avalanche Pigment**, without any water, to add highlights to your image.

STEP 13

Adhere your painted floral image to the bottom right corner of your sentiment panel, using foam pads.

STEP 14

To finish off your card, add a few sequins around, and slightly tucked under, your floral embellishment.
