STEP 1

Place stencil 1 on to the 6 x 4 1/2" white card.
Using your blending tool, apply the Fossilized Amber through the shoe aperture and Hickory Smoke through the lipstick.

STEP 2

Line up stencil 2 and apply the Fossilized Amber and Vintage Photo through the shoe aperture and Hickory Smoke and Tattered Rose through the lipstick.
Tip: When using the same colours, just apply more pressure through the next stencil, to achieve a more intense and different tone of colour.

STEP 3

Line up stencil 3 and apply the **Vintage Photo** through the shoe aperture and more pressure with the **Hickory Smoke** and **Tattered Rose** through the lipstick.

STEP 4

Ink up the coordinating stamp with the **Smokey Grey Versafine** and stamp over your stencilled images.

STEP 5

Use the coordinating die to cut out your beautiful elements.

STEP 6

Place the die cut elements in the coordinating **embossing folder** and run it through your machine. Set your 3D elements to one side.

STEP 7

Apply the **Fossilized Amber**, **Hickory Smoke** and **Vintage Photo** ink pads directly to the debossed side of the **Franctic Florals** embossing folder. Spritz lightly with water then place the 6 1/4 x 4 1/4" white card inside the folder, with the inked side on top and run it through your machine.

STEP 8

Ink up the sentiment from the **Quattro D Collection**, with the **Smokey Grey Versafine** and stamp within the embossed frame.

STEP 9

Tear a panel of vellum and place vertically down the right side of the artwork. Tuck the top and bottom of the vellum panel over the edges of the card and secure on the reverse, with double sided tape.

STEP 10

Adhere your artwork on to the brown glitter card and then on to your kraft card blank.

STEP 11

Tear off a strip of orange spiderweb lace mesh.

STEP 12

Place the lace mesh on to the torn vellum panel and adhere your 3D shoe and lipstick on top. Use a combination of wet glue and foam pads, to add depth and dimension.
