STEP 1

Place the white card, trimmed to 5 1/2 x 4", inside the embossing folder and run it through your machine.

STEP 2

Use your alcohol pens to colour in the **DEBOSSED** image. Place a sheet of copy paper underneath to avoid damaging your worksurface from the ink that bleeds through the card.

STEP 3

Begin by lightly rubbing your Izink Reglisse ink pad over your card and debossed image. You can go back in adding more ink, to get the effect you require.

STEP 4

Splatter your artwork with water, wait a few seconds then mop up the ink with a paper towel.
At this stage you can keep adding more ink, splatter more water, until you achieve the desired effect.
Dry your finished artwork with a heat tool.

STEP 5

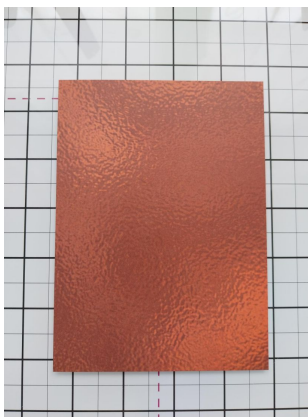

Lightly apply the Gold Gilding wax to random areas of your embossed image, then buff with a soft, dry cloth, to bring out the shine.

STEP 6

Apply the Gilding Wax around the edges of the card and again, buff with a cloth.

STEP 7

Remove this metallic effect paper, from the Copper All Surfaces paper pack and trim to 5 3/4 x 4 1/4".

STEP 8

Adhere your embossed artwork on to the decorative paper and set to one side.

STEP 9

STEP 10

STEP 11

Tear a panel of vellum as wide as the "Enjoy This Day" sentiment stamp and long enough to lay diagonally across the top right of the card, with a slight overhang. Wipe over with an anti-static bag.

Ink up the stamp with the sticky embossing ink and stamp it in the middle of the vellum. Cover with embossing powder and heat set with a heat tool. Make sure your heat tool is hot BEFORE setting the powder, to avoid warping the vellum.

Lay the embossed vellum across the top right corner of your artwork, tuck the edges over and secure on the reverse with double-sided tape.

Cut a sheet of double-sided foam and adhere on the reverse of your artwork. Alternatively, you can use individual foam pads. Adhere on the front of your kraft card blank to finish.
