Die Cutting machine

STEP 1

Die cut **THREE** Stags from kraft card.

STEP 2

Adhere together to create a substantial 3D element.

STEP 3

Die cut the additional antlers from kraft card.

STEP 4

Adhere to your 3D Stag and set to one side.

STEP 5

Remove this decorative paper from the Cotton Pines 7 x 7" paper pack and trim to 5 1/2" square.

Place the silhouette stag aperture stencil, from the same collection, on to your decorative paper and blend the Cotton ink within the aperture, fading it out as you move inwards.

Pigment ink is slow drying and will smudge, so use your heat tool to ensure it is completely dry, before moving on to the next step.

STEP 6

Place the stag mask over your stencilled image and blend out with the Midnight ink, thus creating a shadow, allowing the Stag to "pop". Blast dry with your heat tool.

STEP 7

Tear two strips of vellum, one narrower than the other and slightly longer than the width of your decorative paper.

STEP 8

Place the narrower strip on top of the wider one and lay across the bottom of the decorative paper. Tuck the edges over the paper and secure on the reverse with double-sided tape.

STEP 9

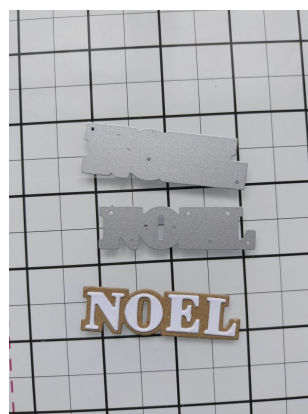

Adhere your artwork on to a piece of kraft card, trimmed to 5 3/4" square and then on to the front of your 7" square white card blank.

STEP 10

Adhere your 3D Stag over the torn vellum strips, to the right of the stencilled background and set to one side.

STEP 11

Place the detailed "NOEL" die on to a scrap of white card, the solid die on to kraft card and run them through your machine, before adhering together.

STEP 12

STEP 13

Adhere your sentiment to the left of your 3D Stag.

To complete your project, use the Stickles to add a touch of sparkle to your Stag's antlers.
