STEP 1

Using a piece of watercolour cardstock $\frac{1}{4}$ of an inch smaller than your card blank, stamp the outline stamp using your Peeled Paint.

STEP 2

Ink up your solid stamp in appropriate areas with your Scattered Straw, Peeled Paint and Kitsch Flamingo Oxides, off-setting the position from the previously stamped outline and stamping having spritzed your stamp with water first.

STEP 3

Repeat the previous process having moved your solid stamp first, to extend and elongate the image.

STEP 4

Line up the detail stamp over the last stamped image (we are going to leave the first solid stamped image to create perspective) and stamp with your Forest Moss ink pad.

STEP 5

Line up your detail stamp again with the previous, to give an impression of an extended branch. Stamp using your Forest Moss ink pad.

STEP 6

Stamp your sentiment on some scrap card and edge with your inkpad. Finally edge your artwork with Forest Moss and adhere to your card blank. Fix your sentiment over the image using a foam pad or two.
