CONSEJOS DEL PROGRAMA

- When using watercolour pencils, scratch a small amount of colour onto the card first, then drag it out with a wet brush—a little colour goes a long way.
- Oil pastel pencils blend beautifully when you layer a light colour, add a darker shade, then go back over with the light colour using circular motions.
- If you don't have a die-cutting machine, simply use scissors to cut out your design—fussy-cutting around the flowers creates a lovely dimensional effect.
