PASO A PASO

1**PASO 1 DE 14**

Cut five sheets of six by six inch double-sided paper, or use eight by eight if you prefer a larger album.

[VER ESTE PASO - 14:15](#)**2****PASO 2 DE 14**

Score your first sheet down the centre at three inches (or four inches for eight by eight) using a score tool on your guillotine.

[VER ESTE PASO - 15:00](#)**3****PASO 3 DE 14**

Turn the paper and score across the bottom at two inches to mark the depth of your pocket.

[VER ESTE PASO - 15:30](#)**4****PASO 4 DE 14**

Cut up the centre line to the horizontal score line, then fold one section up and one section back to create a small pocket book.

[VER ESTE PASO - 16:45](#)**5****PASO 5 DE 14**

Glue the sides of this pocket book together to close it, creating your first mini book insert.

[VER ESTE PASO - 17:30](#)**6****PASO 6 DE 14**

Score all remaining sheets at half an inch down the left edge to create the hinge that will bind your album together.

[VER ESTE PASO - 23:00](#)**7****PASO 7 DE 14**

On your second sheet, score at half an inch on the left, then at four inches across to create an interactive pocket page.

[VER ESTE PASO - 24:30](#)

8**PASO 8 DE 14**

Score a line at three inches (the middle of your six by six sheet) to create a T-shaped score pattern for the pocket.

[VER ESTE PASO - 26:45](#)**9****PASO 9 DE 14**

Cut up the centre line to the horizontal score line, then trim the corners at an angle to reduce bulk when folding.

[VER ESTE PASO - 27:00](#)**10****PASO 10 DE 14**

Glue the hinge of this page to the hinge of your front cover, then fold and crease all pages together.

[VER ESTE PASO - 28:00](#)**11****PASO 11 DE 14**

Continue adding pages by gluing hinge to hinge, alternating between plain pages and pages with interactive pockets.

[VER ESTE PASO - 38:00](#)**12****PASO 12 DE 14**

Cut five by five inch squares from your paper and score at half an inch on three sides to create additional pockets for tags and embellishments.

[VER ESTE PASO - 44:00](#)**13****PASO 13 DE 14**

Glue these smaller pockets onto your pages, positioning them at the base, sides, or corners as desired.

[VER ESTE PASO - 49:00](#)**14****PASO 14 DE 14**

Create double-layered waterfall pockets by making progressively smaller pockets (five by five and a half, then four by four and a half) and stacking them.

CONSEJOS DEL PROGRAMA

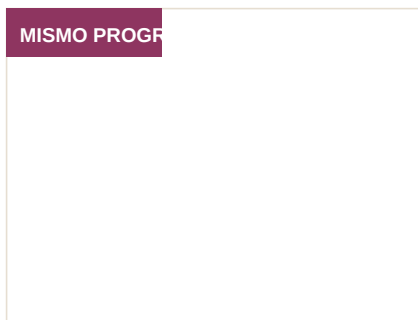

- Always score at half an inch for hinges to keep the binding consistent and strong.
- Trim corners at an angle before folding pockets to reduce bulk and prevent the paper from cracking.
- You can use single-sided paper; just accept that the back will be white, or stick two pieces together back-to-back for a more finished look.
