

Full Window Shaker Card with Acetate and Sequins

UN PROYECTO DE NUESTRO PROGRAMA EN VIVO - CREATE TOGETHER CLUB - 11 DE ABRIL DE 2022

SOBRE ESTE PROYECTO

A shaker card featuring a full acetate window rather than a shaped aperture, filled with colourful sequins. The card combines a stamped floral background, watercoloured flower focal point, vellum wrap with sentiment, and decorative sequin embellishments for a dynamic, movement-filled design.

PASO A PASO

1**PASO 1 DE 12**

Create a background on white cardstock by stamping a floral pattern repeatedly using black ink and the stamp set, repositioning the cardstock rather than the stamp to ensure even coverage.

VER ESTE PASO - 6:30

2**PASO 2 DE 12**

Stamp a single flower image onto a separate piece of white cardstock to use as your focal point.

VER ESTE PASO - 10:00

3**PASO 3 DE 12**

Take a second piece of white cardstock the same size as your stamped background and use a square nesting die to cut an aperture in the centre, creating your window opening.

VER ESTE PASO - 11:00

4**PASO 4 DE 12**

Clean an old acetate sheet from a stamp set and cut it to the exact size of your window aperture to use as a shaker window.

VER ESTE PASO - 13:00

5**PASO 5 DE 12**

Glue the acetate sheet to the back of the cardstock with the window, using everyday craft glue.

VER ESTE PASO - 15:00

6**PASO 6 DE 12**

Apply foam pads around the entire inner edge of the window frame, removing the backing as you go, to create elevation for your shaker contents.

VER ESTE PASO - 19:30

7**PASO 7 DE 12**

Cut a piece of vellum and wrap it around your acetate window, then trim away excess vellum.

VER ESTE PASO - 25:45

8

PASO 8 DE 12

Watercolour your flower focal point with light pink and green washes, adding colour to the flowers and leaves with a suggestion of colour rather than full coverage.

- If you don't have acetate sheets, clean and reuse the acetate from old stamp sets.
- When using glitter or fine sparkles instead of sequins, ensure there are no gaps in your foam pad frame or the sparkles will escape.
- Use foam pads on a roll if available, or cut larger foam pads into smaller pieces to fit your frame edges.
