SOBRE ESTE PROYECTO

Design a stunning impressionistic flower card using the lamination technique with multiple watercolour layers. This creates a hand-painted masterpiece effect with a creeping design that looks like you've picked up a brush, finished with a sentiment banner.

CONSEJOS DEL PROGRAMA

- You can use any colours you wish—monochromatics for a sketch feel, or colours matching a wedding theme.
- The design is forgiving; it does not need to line up perfectly as it creates an artistic effect.
- If you struggle with alignment, the stamp packet provides a guide showing where everything needs to be.
