CONSEJOS DEL PROGRAMA

- If the die hasn't cut through in intricate areas, spray the card stock lightly with water before running it through the machine again—this hydrates the fibres and helps achieve a clean cut.
- The frame is 5 inches wide by just under 7 inches tall, making it perfect as a topper for a 5x7 card.
- You can raise the butterfly wings by folding them up and gluing only the bodies back down, creating a 3D effect.
