Watercolour Floral Card with Blooming Marvellous Stamp

UN PROYECTO DE NUESTRO PROGRAMA EN VIVO - CATCH UP WITH TONI FOR A THURSDAY LAUNCH IN THE HTCN...

SOBRE ESTE PROYECTO

Create a loose, artistic watercolour-effect card using the two-part lamination stamp. Stamp the solid colour portion first with water spray, then layer the outline stamp to achieve a painted, impressionistic look with soft colour bleeding.

CONSEJOS DEL PROGRAMA

- The less water you use, the more precise the design will be; more water creates a looser, more watercolour effect.
- Use the packaging as a guide to see where the second stamp layer should align.
- You can enhance the design afterwards with a white gel pen or black fine liner to add details or borders.
