

Psychedelic Layered Rose on White Card

16 MARCH 2026

Create a vibrant, multi-coloured rose using the Rose Branch layering stencil system. This technique produces a bold, artistic flower with unexpected colour combinations that looks striking and contemporary.

From our live show **MY PODCAST - Catch my latest updates broadcast 16th March 2026** (16 March 2026) - watch it from 15:00.

WHAT YOU WILL NEED

- Stencil and Die - Rose Branch - 050722C

Gather your Rose Branch stencil set (numbered 1-5) and a piece of white card stock.

Continue with stencil number three, applying purple ink to add another layer of colour.
Watch this step: 21:15 into the show

Apply stencil number four (the leaves) and ink through with green, pressing firmly to build depth.
Watch this step: 22:00 into the show

For the final layer, apply stencil number five and ink through with your chosen colour, pressing harder to create definition.
Watch this step: 22:45 into the show

Once dry, optionally spray the card lightly with water and flick metallic paint onto the design for an artistic effect.

TIPS FROM THE SHOW

- There are no rules—you can use any colour combination you like; the results will be unique each time.
- If you lose detail after adding water, allow the card to dry completely, then go back in with the stencils to re-add definition.
- You can create a monochrome effect by using only shades of grey, starting very light and building to darker tones through all five stencils.
