

Watercolour Background with Decoupage...

30 JANUARY 2026

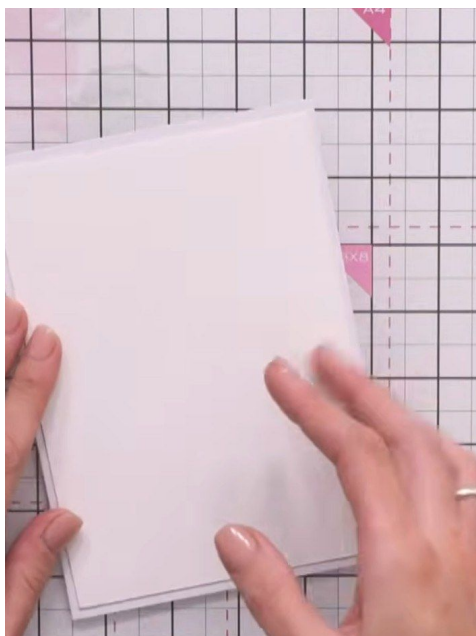

Make a stunning Halloween card with a hand-painted watercolour background in beautiful purple and lilac shades, enhanced with tissue paper texture for added depth. Layer a cute decoupage character on top to create a charming 3D effect that brings your card to life. This project combines artistic watercolour techniques with dimensional paper layering for a truly special handmade greeting.

STEP 5

Scrunch up tissue paper and press it into the wet purple paint to create texture and lift colour from the background.

Apply foam pads to the back of the cut-out decoupage character piece. Adhere the decoupage layer on top of the first character image to create a 3D dimensional effect.

TIPS FROM THE SHOW

- Don't be scared to add water and paint—let it take you where it goes.
- If you don't have watercolour card, use regular card stock as a substitute.
- Move the card, not the scissors, when fussy-cutting for better control.
