

Window Die Card with Scene Background

16 JANUARY 2026

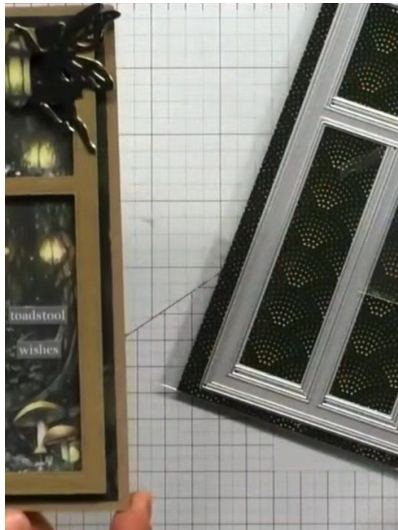

Create an elegant card featuring a die-cut window frame with a scenic view. This project uses window dies from the 'Beautiful View' and 'Look & See' collections to create a four-pane window effect, layered over decorative patterned paper to create depth and visual interest. The finished card showcases intricate die-cutting techniques with multiple frames creating a dimensional window scene.

From our live show **HOBBYMAKER TV - Join Toni for her brand new launch - Broadcast 16th January 2026** (16 January 2026) - watch it from 41:00.

TIPS FROM THE SHOW

- You can use the dropped-out piece in a different colour to create snow in the corner or a shadow effect.
- The embossed detail on the window die adds dimension and visual interest.
- These window dies work beautifully with scenic stamps to create the illusion of looking out through the window.
