

Scratch and Reveal Holiday Card

16 JANUARY 2026

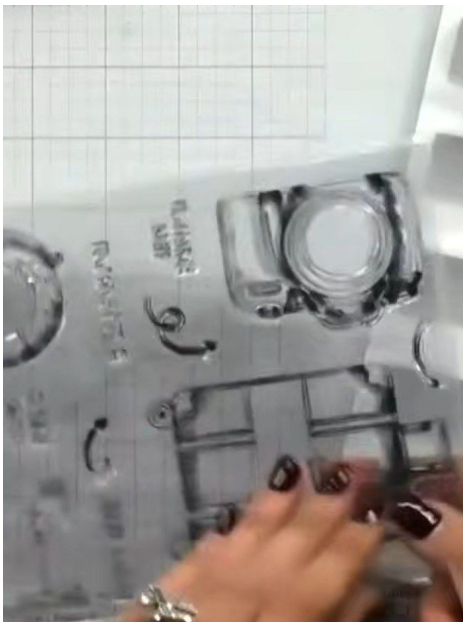

Create an interactive scratch-off card featuring a window scene design. This project uses the 'Look & See' and 'Beautiful View' die sets to create elegant window frames on black dotted cardstock, which can be combined with scratch-and-reveal elements for surprise messages. The finished card has a sophisticated monochrome look with raised window details and hidden interactive elements.

TIPS FROM THE SHOW

- The transparent backing under the foil means scratching won't damage or distort what's underneath.
- You can write your own messages instead of using only the provided stamp sentiments.
- These cards work brilliantly for interactive fun with children or as surprise cards for family members.
