

Lamination Stamp Watercolour Poppy Card

A PROJECT FROM OUR LIVE SHOW - STAMPING TECHNIQUES - 22 DECEMBER 2021

ABOUT THIS PROJECT

Create a realistic watercolour poppy card using lamination stamps with a two-layer technique. The solid portion creates the watercoloured effect, whilst the outline stamp adds detailed sketchy linework to produce an artistic, professional-looking design.

TIPS FROM THE SHOW

- The lamination stamp set includes a diagram on the base to guide you on first use, but you can be creative with colour and formation afterwards.
- The sketchy detail portion is very forgiving if you don't line it up perfectly.
- You can batch stamp multiple cards using this technique, and change the poppy colours to suit different charities or occasions.
