STEP BY STEP

1

STEP 1 OF 14

Prepare your craft-coloured cardstock and use an anti-static tool on the area where you'll stamp to prevent powder particles from sticking to unwanted areas.

WATCH THIS STEP - 1:15

2

STEP 2 OF 14

Ink up the large ornate owl stamp design and press firmly onto the craft cardstock, going over it twice to ensure all the deeply etched details are picked up clearly.

4

STEP 4 OF 14

Flick off any excess embossing powder from the cardstock.

WATCH THIS STEP - 2:30

WATCH THIS STEP - 7:00

13

STEP 13 OF 14

Gently nip and twist the wings of the top owl layer for added dimension.

WATCH THIS STEP - 7:15

14

TIPS FROM THE SHOW

- Use an anti-static tool before stamping to keep embossing powder neat and prevent it sticking to unwanted areas.
- The hotter your embossing heat gun, the fewer lumps and bumps you'll get in your finished design.
- Always heat set your embossing powder or it will brush off the cardstock.
