Twisting Stencil Circle Pattern Background

A PROJECT FROM OUR LIVE SHOW - CATCH UP WITH THE PEARLYWINKS LAUNCH IN THE HTCN STUDIO BROADCAST...

ABOUT THIS PROJECT

Use the circular precision stencil to create a repeating pattern by twisting the design around. The stencil has multiple designs that can be rotated to create different looks, with masks to keep the design crisp and prevent bleeding between sections.

From the show: CATCH UP with the PEARLYWINKS LAUNCH in the HTCN studio broadcast 10th Dec 21
Shown: 10 December 2021
The project starts: 26:30 into the show
In this guide: 7 steps

STEP BY STEP

1

STEP 1 OF 7

Assemble the circular stencil by screwing the two layers together with the clip, ensuring it's tight enough to twist but not so tight you can't rotate it

WATCH THIS STEP - 26:45

2

STEP 2 OF 7

Place the assembled stencil onto your card and secure it with a clip or tape

WATCH THIS STEP - 27:00

3

STEP 3 OF 7

Spray the easy blend ink onto a foam mat to create an ink pad, then dab your brush into it to remove excess

WATCH THIS STEP - 27:30

4

STEP 4 OF 7

Apply the inked brush around the stencil opening, working your way around the entire circle

WATCH THIS STEP - 28:15

5

STEP 5 OF 7

Twist the stencil to the next design position and repeat the inking process with the same or different colour

WATCH THIS STEP - 28:30

6

STEP 6 OF 7

Continue twisting and inking every second design to create a two-toned repeating pattern

WATCH THIS STEP - 29:00

7

STEP 7 OF 7

Remove the stencil carefully to reveal the finished pattern

WATCH THIS STEP - 29:15

TIPS FROM THE SHOW

- Use a dry brush with the easy blends—the drier the brush, the better the result and the less likely the ink will seep under the stencil
- You can use the mask sections to create additional design elements and halo effects around your main pattern
