

Oval Floating Window Card with Fairy Detail

3 OCTOBER 2025

Create a layered card with a floating window effect using nested oval dies. The centre element appears to float on acetate or vellum behind a decorative frame, with optional embellishments like baubles or flowers creating depth and visual interest.

From our live show **ONE DAY SPECIAL - Join Toni for her brand new launch - Broadcast 3rd October 2025** (3 October 2025) - watch it from 38:30.

TIPS FROM THE SHOW

- The detail on the oval dies is embossed on both the exterior and the interior cutout, giving you two decorated elements from one die.
- Using acetate or vellum behind the window creates the illusion that elements are floating in fresh air.
- You can decorate the floating centre element with additional details like holly, berries or small baubles.
