Stencilled Spot Detail Card with Raised Vellum

A PROJECT FROM OUR LIVE SHOW - CATCH UP WITH THE CREATE TOGETHER CLUB - 30 OCTOBER 2021

ABOUT THIS PROJECT

Create a modern card by adding spot texture details with a stencil and brush, then layer a raised vellum panel with the embossed typewriter. The arched vellum creates dimension and visual interest.

TIPS FROM THE SHOW

- If you don't have a texture brush with spots, you can use a stencil with circles or pencil in circles freehand.
- Arching vellum creates a three-dimensional tunnel effect that adds visual interest to flat card designs.
- Foam pads allow you to raise elements above the card surface for added dimension.
