Inverted Stacked Postcard Sentiment Card

A PROJECT FROM OUR LIVE SHOW - CATCH UP WITH SIMON FOR SOME MONDAY MADNESS WITH AVAGO-INK 27TH...

ABOUT THIS PROJECT

An inverted stacked card using decorative postcard stamps that steps inwards rather than outwards, creating depth towards the centre. Perfect for masculine cards, this design layers three die-cut panels with stamped imagery and a central sentiment.

Create a matching background on a white card blank using the same three ink colours and stamps, building up the design around the edges.

WATCH THIS STEP - 15:30

Remove the backing tape and position the completed stacked panel in the centre of the white background card, pressing down firmly.

WATCH THIS STEP - 17:15

TIPS FROM THE SHOW

- Dye-based inks dry faster, reducing the chance of smudging.
- Positioning the sentiment off-angle prevents it from looking off-balance on a square card.
- You can layer the inks on top of each other to build up the background effect.
