

Multicoloured Cake Lamination Card

29 AUGUST 2025

Create elegant greeting cards featuring vintage teapot and cake stand designs with sophisticated multicoloured stamping. Using lamination stamp sets, you'll layer different ink colours to build rich depth and dimension, finishing with complementary sentiments. The technique demonstrates how to achieve a watercolour effect by combining base colour stamping with detailed overlay work on kraft card blanks. From our live show **Product Demonstration - Lamination Set - Slice of Joy and Time for Tea - 290825A** (29 August 2025) - watch it from 39:00.

WHAT YOU WILL NEED

- Carta - Traditional Watercolour Paper - A5 - WCPA501
- Stamps By Me Lamination Stamp Set - Slice of Joy - 270125E

STEP 1

Use the reverse side of your watercolour card or take a fresh piece of A5 traditional watercolour paper.

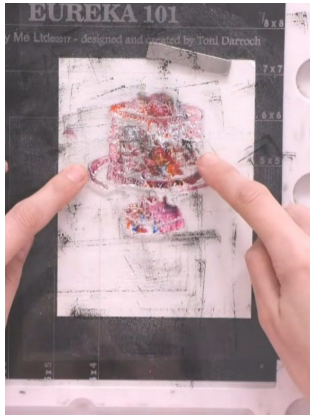

Watch this step: 39:00 into the show

STEP 2

Ink the solid cake stamp with multiple colours. Apply teal, pink, orange and purple ink across the entire stamp surface, covering all areas of the cake design.

Watch this step: 40:00 into the show

STEP 3

Spray the inked stamp three times with water.

Allow the water to activate the ink on the stamped image.

Watch this step: 40:45 into the show

STEP 4

Press the teapot stamp onto the watercolour card.

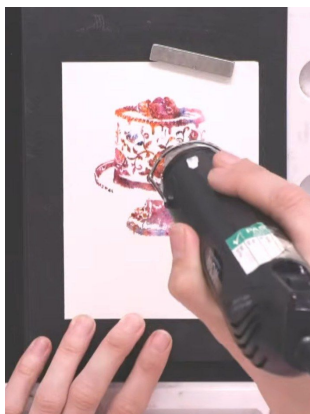

Allow the ink to settle and dry briefly before proceeding.

Watch this step: 41:00 into the show

STEP 5

Blot any puddles of ink with a dry baby wipe to remove excess colour and prevent pooling on your stamped image.

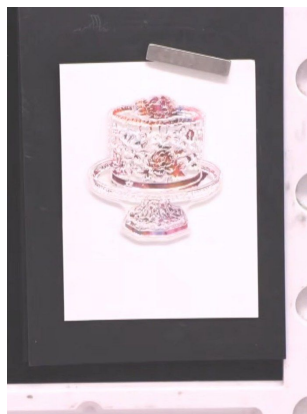

Watch this step: 41:30 into the show

STEP 6

Use a heat gun to dry the stamped image thoroughly.

Hold the heat gun a few inches above the card and move it gently over the stamped design until completely dry.

Watch this step: 42:00 into the show

STEP 7

Stamp the cake image again in teal ink onto the white card. Stamp twice if needed for better visibility and coverage.

Watch this step: 43:00 into the show

STEP 8

Paint a shadow around the base of the cake using diluted grey paint to make it appear grounded and three-dimensional.

Watch this step: 45:15 into the show

STEP 9

Trim the stamped panel to size and mount it onto a kraft card blank. Use a black ink pad to add a thin inked edge around the panel for definition.

Watch this step: 47:00 into the show

TIPS FROM THE SHOW

- When using multiple colours on one stamp, ensure the entire stamp surface is covered with ink.
- Paint the shadow around the full base of the cake, not just underneath, to make the image appear flat rather than tilted.
