

Horizontal Striped Paper Pieced Card

14 FEBRUARY 2025

Create a stunning card featuring a stamped poppy design with horizontal coloured stripes running through it. Cut your stamped image into thin strips and reassemble them with gaps to reveal vibrant pink, green, blue and peach stripes beneath. This paper piecing technique creates a modern, segmented effect whilst keeping the poppy image perfectly aligned across the card. From our live show **Create Together Club - 5 Days of Creativity - Broadcast Friday 14TH Feb 2025** (14 February 2025) - watch it from 19:30.

STEP 5

Position the second pink card strip directly below the first strip, aligning it so the poppy design continues seamlessly across both strips. Ensure the flower image matches up where the strips meet.

TIPS FROM THE SHOW

- Line the pieces of card back up like a jigsaw to ensure the design matches perfectly across strips.
- You can cut the strips at different angles or widths for variety, but straight cuts are simplest.
- Save all leftover pieces—they can be paper pieced together to create additional cards.
