

Layered Floral Christmas Card with Vintage Edging

18 AUGUST 2026

Make a stunning vintage-style Christmas card featuring a blue jay amongst layered cream flowers and foliage on a kraft background. This elegant design uses die-cutting, dimensional layering with foam pads, and a 'Warm Wishes' sentiment to create a sophisticated seasonal greeting. The neutral colour palette with touches of blue creates a timeless festive card perfect for nature lovers.

TIPS FROM THE SHOW

- You can create variation in flower sizes by using the different die options within the set—use smaller flowers as accents and larger ones as focal points.
- The papers in the collection are colour-coordinated so they work together beautifully no matter how you combine them.
- If you prefer clean and simple cards, you can skip the vintage inking and keep the flowers and sentiment crisp and bright.
