

Lamination Stamp Card with Watercolour Effect

15 AUGUST 2026

Create an artistic card using the lamination stamp system with two-part stamping. Ink the solid colour portion with watercolours, spray with water, then add fine detail with a second stamp for a painted effect.

From our live show **HOBBYMAKER TV - Join us for the latest show - Broadcast 5 p.m. (UK) 15th August 2026** (15 August 2026) - watch it from 18:30.

TIPS FROM THE SHOW

- If you over-spray with water, don't panic—the watercolour effect is fluid and forgiving; you can always add more detail on top.
- Start with light ink application and build up the colour gradually for better control.
- You don't need to line up the stamps perfectly; slight imperfections add to the artistic, hand-painted look.
