

Two-Pocket Side Page for 6x6 Album

25 NOVEMBER 2024

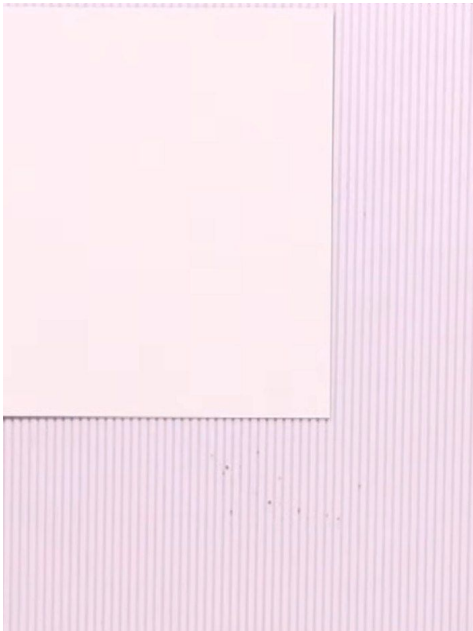

Create a versatile 6x6 album page featuring two side-opening pockets. This elegant page uses pale pink cardstock with decorative floral patterned paper strips, incorporating a hinged spine design. The two flap pockets open from the left and right, providing perfect storage for small cards, tags or memorabilia within your scrapbook album.

From our live show **MIGHTY MONDAY - Join Toni for her detailed papercrafting sessions - Broadcast 25th November 24** (25 November 2024) - watch it from 9:45.

WHAT YOU WILL NEED

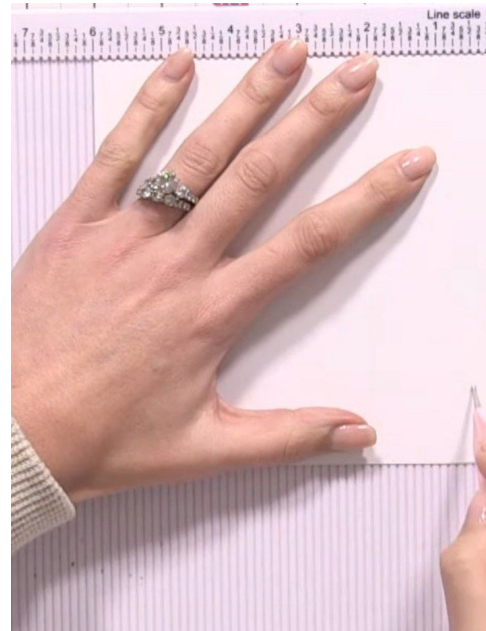

- Circle Craft Punch - 1 Inch - 170926Z
- Atc Card Bundle 100 White Cards 090522M

STEP 1

Take a 6x6 inch paper from your pad and score a half-inch line along one edge using your scoring board to create your hinge. Watch this step: 9:45 into the show

STEP 2

Turn the white cardstock and use your scoreboard to score at 1.5 inches from the edge to create the fold line for your pocket. Watch this step: 10:00 into the show

STEP 3

Score the top flap at the 3-inch mark in the centre to create a fold line that divides it in half.

Watch this step: 10:15 into the show

STEP 4

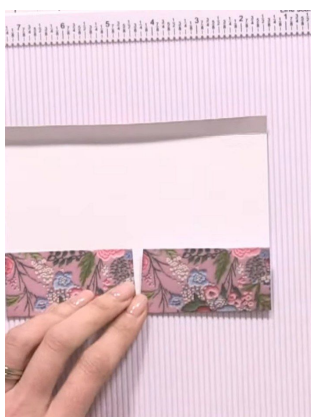

Cut straight down the centre line from the top edge to the middle point of the white card.

Watch this step: 11:00 into the show

STEP 5

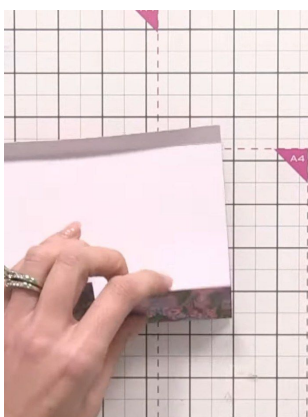

Trim away small triangular sections from the cut edges of the white card pieces to remove bulk and create neat corners.

Watch this step: 11:15 into the show

STEP 6

Position the two decorative paper strips side by side on the white card base. Score all fold lines firmly with your scoring tool to ensure crisp creases.

Watch this step: 11:30 into the show

STEP 7

Fold the two flaps with the floral pattern inward to create your side pockets. Use adhesive to secure the flaps in place.

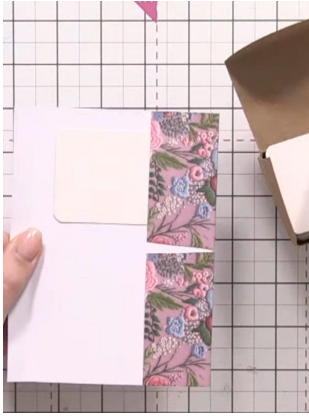

Watch this step: 11:45 into the show

STEP 8

Apply glue or tape along the side edges of the pocket to seal it closed. Press firmly to ensure a secure bond.

Watch this step: 12:00 into the show

STEP 9

Use a 1-inch circle punch to punch a circle at the top of each pocket opening to create a finger pull for easy access.

Watch this step: 12:15 into the show

TIPS FROM THE SHOW

- If using single-sided paper, the white back will show; double-sided paper hides this.
- Always score your hinge first before creating pockets, as you cannot add it later.
- Removing bulk from corners makes the page fold neatly without being too thick.
