

Complete Quattro D Hibiscus Card with Stamp, Die...

8 NOVEMBER 2024

Create a fully dimensional hibiscus card using all four components of the Quattro D system: stencil colouring, stamp, die cut, and 3D embossing folder. This demonstrates the complete Quattro D process to achieve a professional, shop-bought appearance.

From our live show **ONE DAY SPECIAL - Join Toni for brand new launch - Broadcast 8th November 24** (8 November 2024) - watch it from 48:00.

TIPS FROM THE SHOW

- On a brand new machine, you may need to push firmly on the first embossing folder run as the machine needs to be broken in.
- Always position artwork slightly down from the top edge of the plate so the machine can grip and feed it through.
- The embossing folder detail is visible on the back of the card, showing the full dimensional effect.
