

Great Outdoors Wolf Mask Stencil Card

29 SEPTEMBER 2026

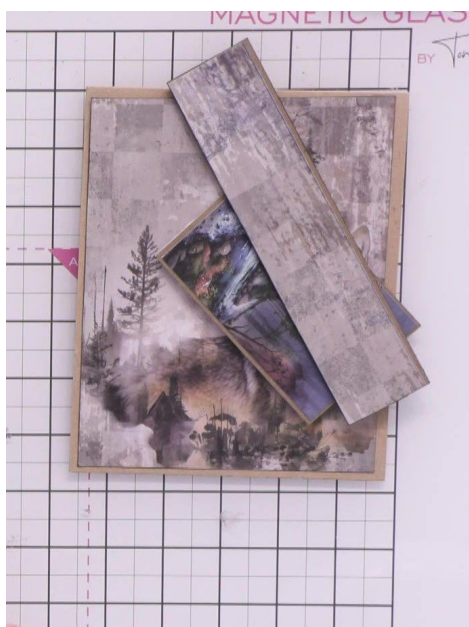

Create a striking woodland card featuring a wolf silhouette against a misty forest backdrop. This nature-inspired design uses masking and stencilling techniques to build layers of depth, with a wolf, flying bird, and paw prints creating a dramatic outdoor scene in muted greys and blacks. The finished card combines stamping and white highlighting to achieve a professional, atmospheric effect.

WHAT YOU WILL NEED

See the show for everything used.

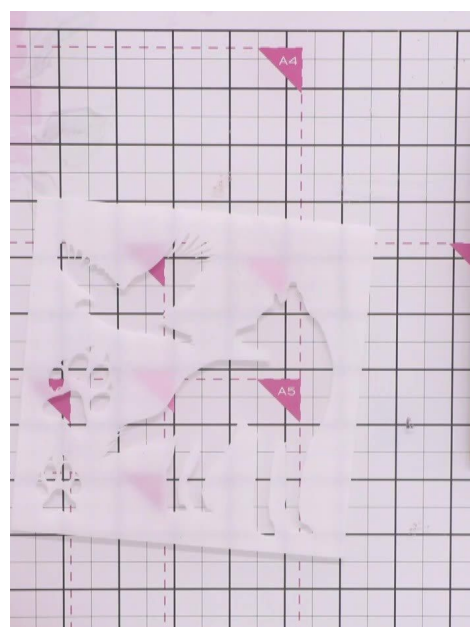

STEP 1

Select a patterned paper from the Great Outdoors kit featuring the wolf and forest imagery. This will be used as the base for your card design.

STEP 2

Place the wolf mask stencil on your chosen patterned paper and secure it in position with low-tack tape to prevent it from moving.

Watch this step: 1:05:00 into the show

STEP 3

Apply white ink around the exterior of the mask using a brush to create a halo effect. Work the ink outwards from the edges of the stencil design to blend it into the forest background.

Watch this step: 1:05:30 into the show

STEP 4

Carefully peel away and remove the mask stencil from the card to reveal the white highlighted outline around the wolf, bird, and paw print silhouettes against the forest background.

Watch this step: 1:06:00 into the show

STEP 5

Stamp the hiker figure onto the forest patterned paper using white ink. Position the stamp towards the centre of the paper, ensuring the image is clear and well-defined.

Watch this step: 1:06:30 into the show

STEP 6

Position the hiker stamp image so that the wolf appears to be watching over him in the forest scene. Hold the piece in place whilst checking the composition works well with the paw prints and bird elements already stamped.

Watch this step: 1:07:00 into the show

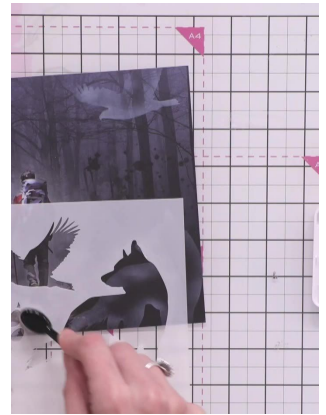

STEP 7

Stamp the bird figure at the top of the composition using the outdoor scene stamp. Position it so it appears to be watching over the hiker and wolf scene below.

Watch this step: 1:07:30 into the show

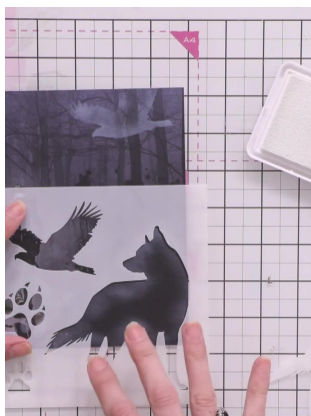

STEP 8

Use the paw print stamp from the Great Outdoors stamp set to add white stamped accents across the bottom portion of the card. Position the paw prints to create a natural scattered effect.

Watch this step: 1:08:00 into the show

STEP 9

Mount the finished panel onto a white card base using adhesive. Position the panel centrally on the card front and press firmly to secure.

Watch this step: 1:08:30 into the show

TIPS FROM THE SHOW

- Apply white ink gently and delicately rather than heavily to create a ghost-like highlight effect.
- It is easier to add more ink than to remove it, so start light and build up if needed.
- You can use the mask to create highlights on the outside or inside of the shape depending on your desired effect.
