

Inked and Embossed Snowflake Frame...

27 SEPTEMBER 2024

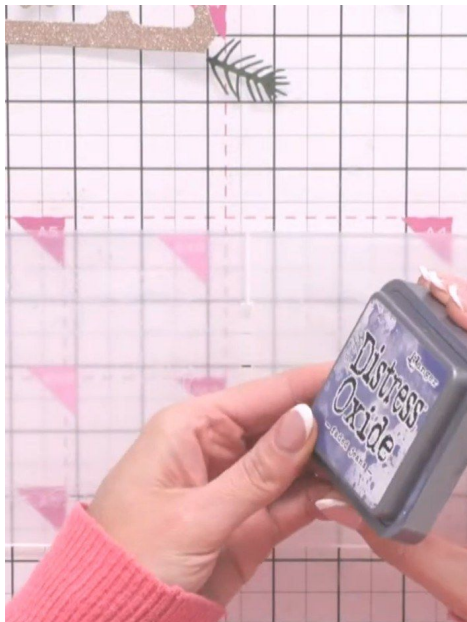

Create a beautiful textured card background featuring a vintage snowflake design. Using distress ink and water spray with an embossing folder, you'll achieve a grungy, atmospheric effect in soft purple and white tones. This technique is perfect for creating unique Christmas cards with depth and character that can be enhanced with additional layered elements.

From our live show **ONE DAY SPECIAL - Join Toni for brand new launch - Broadcast 27th September 24** (27 September 2024) - watch it from 14:15.

STEP 3

Place a piece of white card into the embossing folder and run it through your die-cutting machine to create the embossed snowflake frame design. Watch this step: 16:15 into the show

STEP 4

Remove the card from the embossing folder to reveal the embossed snowflake frame detail with the distressed ink effect on both sides. Watch this step: 16:45 into the show

STEP 5

Allow the embossed card to dry completely before using it as a background or layering additional elements on top. Use the pink die-cutting and embossing machine to ensure a crisp finish. Watch this step: 17:00 into the show

TIPS FROM THE SHOW

- The grungy appearance whilst the folder is wet will disappear once you run it through the machine.
- You can use this inked embossing folder technique with any embossing folder in your stash.
- Edge the embossed background with a black ink pad to add definition and prevent elements from looking like they are floating.
