Textured Watercolour Floral Card with Stencilled...

30 AUGUST 2024

Make a beautiful 'Best Wishes' card featuring watercolour flowers in shades of pink, purple and blue with delicate green leaves. The floral arrangement is enhanced with a subtle stencilled halo effect and scattered gold metallic ink splats for added sparkle. This elegant design uses textured watercolour paper and combines stamping, watercolour painting and stencilling techniques.

From our live show **ONE DAY SPECIAL - Join Toni for her brand new release - Broadcast 30th August 24** (30 August 2024) - watch it from 32:00.

Spray the inked stamp with water three times using a water sprayer to activate the watercolour effect on the mushroom ink.

Using a blending brush lightly loaded with pink ink, tap gently through the stencil to create a soft halo effect around the flower. Keep the application subtle and light.
Watch this step: 42:00 into the show

STEP 11

Reposition the stencil over the card and apply gold metallic confetti ink with a brush, creating splats within the circular aperture.

Watch this step: 47:00 into the show

TIPS FROM THE SHOW

- The textured side of watercolour paper creates a more authentic watercolour appearance than the smooth side.
- Be careful when stencilling through the stylized edges as they require a gentle touch.
- White gel pen dries slightly lighter than it appears when wet, so you can layer it to build up detail.
