

Merry and Bright Dimensional Tree Card

24 AUGUST 2024

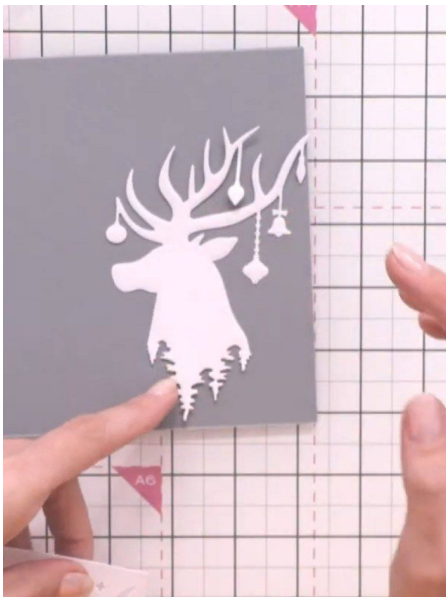

Create a stunning dimensional card featuring a die-cut reindeer design with metallic copper accents and sparkle details. This elegant winter-themed card showcases a layered aperture effect with 'Winter Magic' sentiment, combining white, grey and rose gold tones. The project uses die-cutting, layering and foiling techniques to achieve a sophisticated 3D effect perfect for festive greetings.

From our live show **QVC.DE Produktvorschau** – **Ausstrahlung am 24. August** (24 August 2024) - watch it from 35:30.

WHAT YOU WILL NEED

See the show for everything used.

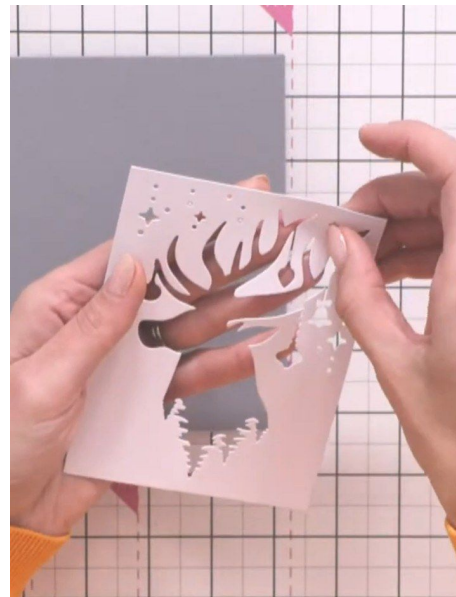

STEP 1

Die cut the large reindeer panel design from white card stock. This creates the white silhouette that will form the base of your dimensional card design.

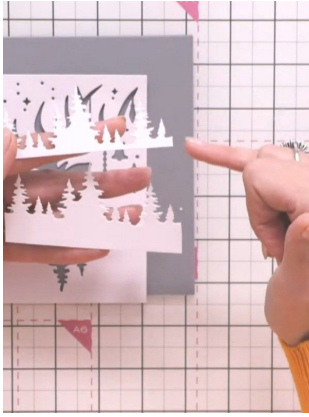

Watch this step: 35:45 into the show

STEP 2

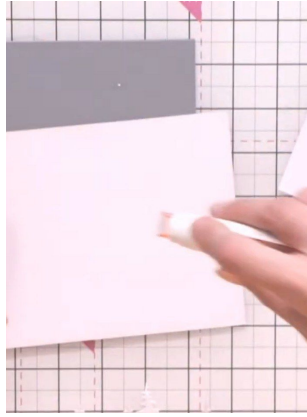

Save the waste piece from the reindeer die-cut, as it creates a beautiful stencil effect showing the silhouette design with decorative stars and baubles.

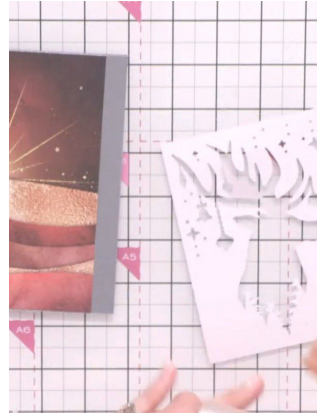

Watch this step: 36:00 into the show

STEP 3

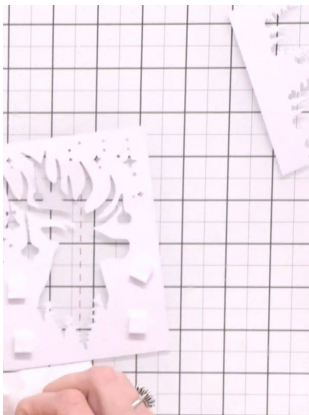

Die-cut the tree silhouettes from white card stock using the stencil. Keep the die-cut pieces attached at the bottom of the card so they remain in place, then carefully snip them away from the card base.
Watch this step: 36:15 into the show

STEP 4

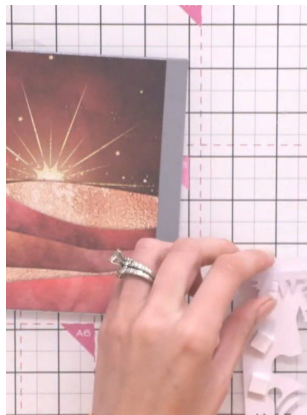

Select a patterned paper from the Merry and Bright collection to use as your card background. Place it on your craft mat ready to add the layered elements.
Watch this step: 36:45 into the show

STEP 5

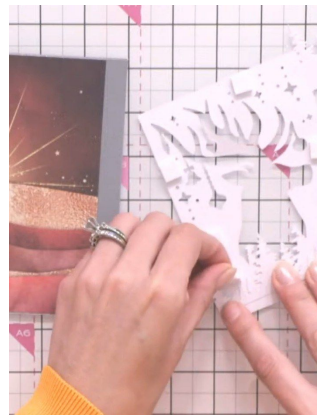

Adhere the patterned paper featuring the sunset scene to your grey card base using a tape runner.
Watch this step: 37:15 into the show

STEP 6

Add foam pads in random places on the back of your die-cut tree silhouette panel to create dimension.
Watch this step: 37:30 into the show

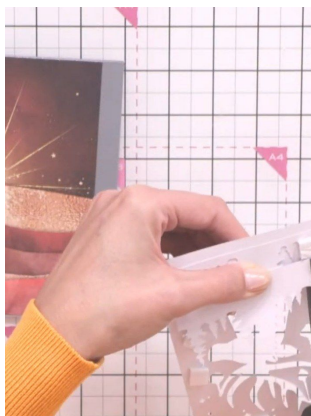

STEP 7

Position the white silhouette panel centrally on your card base and adhere it in place.
Watch this step: 38:00 into the show

STEP 8

Layer the white tree die-cuts at varying heights behind the silhouette panel using foam pads to create a dimensional cascade effect. Position the trees so they show through the cut-out areas of the panel.
Watch this step: 38:30 into the show

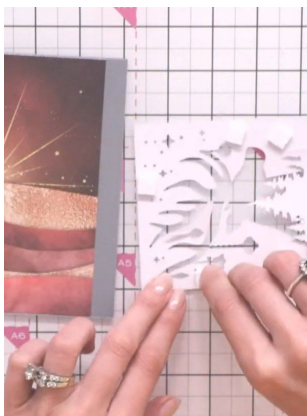

STEP 9

Using scissors, carefully trim away any excess parts of the tree stencil that extend beyond the edges of your card base to create a neat finish.

Watch this step: 39:00 into the show

STEP 10

Position foam pads underneath the white silhouette panel. This will lift the panel and add extra dimension to your card design.

Watch this step: 40:00 into the show

STEP 11

Apply a pre-printed sentiment reading 'WINTER MAGIC' from the kit to the lower portion of the card front, positioning it below the reindeer design.

Watch this step: 40:45 into the show

STEP 12

Add sparkle and glitter throughout the trees and design elements to create a magical winter effect on your card.

Watch this step: 41:15 into the show

TIPS FROM THE SHOW

- You can cut the tree die with varying bottom thicknesses to create different heights and depths in your cascade.
- The die-cut waste piece from the large panel makes a beautiful card base, so don't discard it.
