

Snowflake Frame Card with Patterned Paper and...

1 JULY 2024

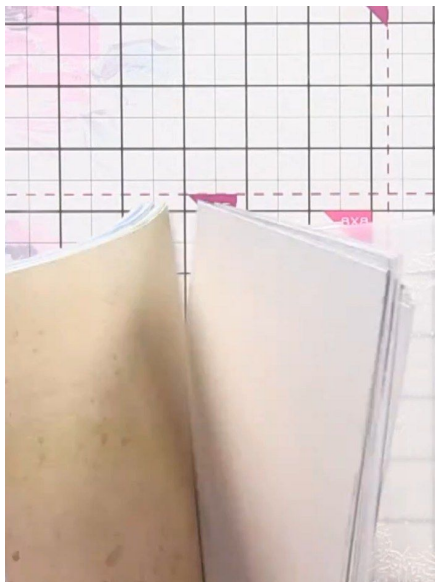

Create an elegant framed card featuring a charming raccoon image surrounded by an embossed snowflake border. This project uses patterned paper with the Snowflake Frame embossing folder to create a beautiful dimensional frame effect in soft greens and blues. The embossed frame acts as a sophisticated border, giving your handmade card a professional, shop-bought appearance. - The frame design is versatile and works for any occasion, not just Christmas.
- A white ink pad is essential for bringing embossed details to life on coloured or patterned backgrounds.
