

Stencil and Die Layered Card with Shaped Elements

A PROJECT FROM OUR LIVE SHOW - CREATE AND CRAFT TV - 9 APRIL 2024

ABOUT THIS PROJECT

A card using the stencil and die system to create shaped cards with optional coloured backgrounds. The twist-and-turn die technology creates a full wreath when two elements are twisted together, and the stencil system allows for texture and dimension without requiring colouring skills.

TIPS FROM THE SHOW

- You do not need to be a skilled colourist to use this system; the stencils create beautiful effects on their own.
- You can use the stencil and die separately if you prefer, or combine them for maximum impact.
- The twist-and-turn die technology creates a full wreath design when two cut elements are twisted together.
