

## Layered Beer Glass Card with Quattro D

13 JULY 2026

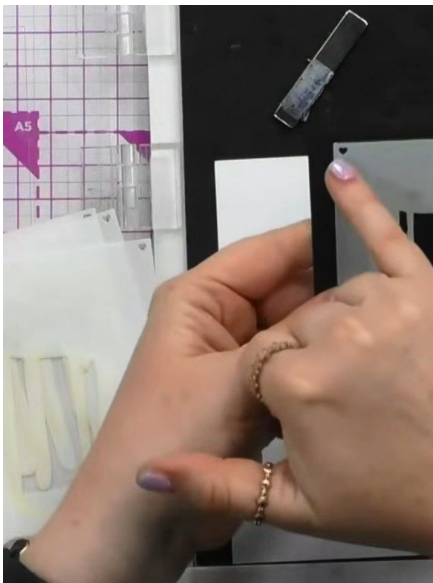

Create a sophisticated layered beer glass card using the Quattro D stencil system. This design features a realistic beer glass with golden tones and white foam, set against a decorative winter scene with pine cones and foliage. The four coordinating stencils layer together to build depth and dimension, making a professional-looking card that's surprisingly simple to achieve.

### WHAT YOU WILL NEED

See the show for everything used.

STEP 1

**Position stencil number one on your card base.** Using a blending brush, ink through the stencil with a light tan or cream colour ink. **Watch this step:** 46:15 into the show

STEP 2

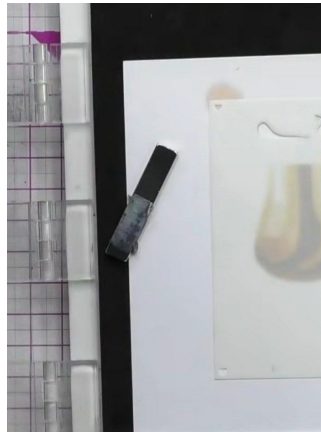

**Position stencil number two over your card, aligning it using the heart registration marks.** Apply a medium brown ink through the stencil to add depth and shading to your beer glass design. **Watch this step:** 47:00 into the show

STEP 3

Position stencil number three over the card and apply a darker brown ink through the stencil to build depth and dimension to the beer glass.  
**Watch this step:** 48:00 into the show

STEP 4

Apply the foam stencil using a light grey or faint ink to create the frothy head at the top of the beer glass.  
**Watch this step:** 49:30 into the show

STEP 5

Stamp the sentiment and glass detail using black ink over the layered stencil work on your card. Position the beer glass stamp carefully to align with the stencilled layers beneath.  
**Watch this step:** 50:15 into the show

STEP 6

Die cut the stamped beer glass and mug images using the outline dies included in the Quattro D Cheers stamp set. Carefully remove the die-cut pieces from the cutting mat.  
**Watch this step:** 51:45 into the show

STEP 7

Place the die-cut beer glass pieces into the 3D embossing folder and run through your die-cutting machine to emboss them. This will add dimension and texture to the glass and foam details.  
**Watch this step:** 53:45 into the show

#### TIPS FROM THE SHOW

- Line up each stencil using the heart registration marks to ensure perfect alignment.
- You can change the colours to create different drinks—use different colour combinations for cocktails, colas or milkshakes.
- Do the die cutting before embossing to avoid flattening the embossed detail.
