

Reflection Collection Stamp Card with Water Scene

18 SEPTEMBER 2026

Use the Reflection Collection stamps to create a card featuring a reflected image in water. The stamps have the reflection built in, so you can stamp just the top portion for a partial reflection or the complete image for a full scene.

TIPS FROM THE SHOW

- You do not have to use the full reflection; you can stamp just the top portion of the image if you prefer.
- The uncoated paper allows you to stamp directly onto the background designs.
- Torn vellum can be wrapped around the card to add a delicate finishing touch.
