Cover the back of the album with coordinating paper to hide the closure mechanism and complete the finished look. Watch this step: 1:14:00 into the show

TIPS FROM THE SHOW

- Use the fast-grab glue so you don't have to hold pieces in place while they set.
- Leave a small white border when lining envelope flaps so you can see the distinction between the liner and the envelope.
- Don't stick the closure completely flat—give it a slight hump so it moves in and out freely.
