

Urban Life Reflection Silhouette Card

28 MAY 2026

Create an elegant urban street scene card featuring a silhouetted figure with umbrella and their reflection below. Using the Dance in the Rain stamp set with the Urban Life Day paper collection, you'll craft a sophisticated monochrome design against a soft, atmospheric cityscape backdrop. The technique combines stamping with embossing powder to achieve a striking silhouette effect that captures movement and mood.

STEP 2

Ink up the entire Dance in the Rain stamp with black ink. Stamp it half on and half off the paper to create a realistic composition, positioning it so part of the image extends beyond the edge of the paper.

STEP 3

Re-ink just the top portion of the stamp to make the silhouette more solid and defined at the top.

Watch this step: 1:09:00 into the show

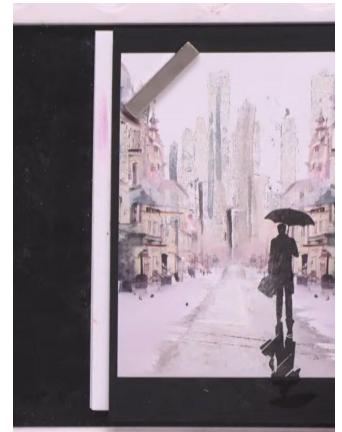

STEP 4

Using a gel pen, work on the reflection area at the bottom of the image. Keep the reflection slightly patchy and jaded to create a realistic water reflection effect.

STEP 5

Optional: Use a gel pen to add highlights and details to your silhouette, such as defining the umbrella or adding subtle colour accents to enhance the design.

Watch this step: 1:09:45 into the show

STEP 6

Add a sentiment to complete your card.

Position the 'Today is all about you' text at the bottom of the street scene card, ensuring it complements the reflection theme.

Watch this step: 1:10:15 into the show

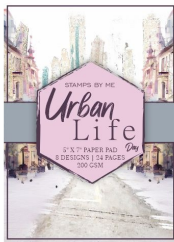

TIPS FROM THE SHOW

- Position the stamp off to the side rather than centred to create a more realistic and artistic composition.
- The reflection naturally looks distorted and jaded at the bottom, which is authentic to how reflections appear in water.
- You can use gel pens to add selective colour and definition to specific elements like the umbrella without colouring the entire design.
